Aurena Laboratories have developed a range of nasal spray products based on sterile saline solution (isotonic and hypertonic), sterile sea salt solution (isotonic and hypertonic) and natural sea water (isotonic and hypertonic). In some products, xylitol or aloe and chamomile have been added to the solution.

The seawater/saline nasal spray from Aurena Laboratories restores moisture to nasal passages irritated by colds or allergies, dryness, pollution, and overuse of nasal decongestants. The products also provide mechanical cleansing of the nasal cavity from excess mucus, dust, pollutants and allergens in a natural, non-harmful, way.

The seawater/saline solution not only restores moisture to nasal passages, it is also a deeply penetrating nasal irrigation spray. It works by thinning the mucus, which normalises the acidic environment and washes away foreign particles like dust, pollen and allergens. This relieves congestion and restores normal respiratory function.

With regular use of Aurena Laboratories nasal spray sufferers of rhinitis and sinusitis symptoms will be alleviated and decrease the use of medicated products.

Non-medicated, non-habit forming and may be used by all ages.

Intended use:
Soothe and moisturise sinus and nasal passages, relieving stuffy noses and sinus pressure.

Claims:
- Alleviate symptoms of acute and chronic rhinosinusitis
- Alleviate symptoms of acute upper respiratory tract infections
- Facilitate the removal of mucus and crusts in the nasal cavity
- Prepare / cleanse the nasal cavity before applying medicinal products
- Daily nasal cleansing
